How can CEOP help me? →

Online abuse affects many children and young people every day, CEOP has helped thousands of people in need of support.

We wanted to make parents and carers aware of the increase in online safety threats and highlight the forms they may take. Our young people when online, are exposed, on various social media sites to the possibility of grooming behaviours. This may be in the form of befriending a child and gaining the trust of a child. With this in mind we would encourage you to read the article using the link below and also be aware that if have a concern the National Crime Agency link CEOP is on our school website. This has information on how to report a concern. [Learn about online grooming to support children | Internet Matters](#)
