

## A level Music – Pre course tasks

---

***Over your summer break you are to complete several pre-course tasks, ready to be submitted in first week of lessons.***

- 1) Prepare an unaccompanied solo performance, minimum grade 5 standard. Please provide the score (*Unaccompanied*: there will be no pianist available to accompany you. You can however accompany yourself or use a backing track).
- 2) Complete a draft composition in a style of your choosing, minimum of 2:30 minutes. This can either be submitted as a score or a recorded performance.
- 3) Go through the theory catch up document [here](#) and get your theoretical understanding of music to grade 5 standard (this work does not need to be submitted. It is for your own improvement). You will complete both a theory and listening baseline test when you begin you're A level studies.
