

# Spanish Summer Work- Instructions to students

1. Please learn the vocabulary on both vocab lists thoroughly. You will be completing a detailed vocabulary test on each of them in September.
2. Please complete as much work as possible from the grammar booklet attached. This will help your confidence with grammar points and the demands in A level.
3. Revise the vocabulary related to the topic of cinema and TV that you have covered at GCSE level.
4. Complete some specific revision on present, past and future tenses as you will complete a piece of writing in controlled conditions on the topic above and will be expected to write something in these 3 tenses. You can use any website to revise Spanish grammar such as [www.languagesonline.com](http://www.languagesonline.com)
5. Read/watch the news and keep up with what is happening in Spain over the summer holidays. Check newspaper websites like [www.elpais.es](http://www.elpais.es) and [www.elmundo.es](http://www.elmundo.es)
6. Listen to Spanish music/podcasts and watch videos/series/films in Spanish.
7. Keep a record of new vocabulary or expressions you might have encountered over the summer.

Enjoy the holidays!

Nos vemos en septiembre.

If you have any question/doubt contact me!
