Dear Parents/Carers

We are writing to advise you of changes we are implementing to our systems in school in order to make communication more effective. We are moving to email contact only in the first instance and there will no longer be the facility to leave voicemail messages on individual staff telephones. This will also include the closure of the absence reporting telephone line and absence reporting will now be entirely through the School Gateway App.

When contacting school, we ask that you follow the guidelines shown below.

## Reporting student absence:

All absences should be reported using the School Gateway App. The attendance facility enables you to notify us on the day of an absence or in advance of any future absences. You can report this by selecting "Reporting", "Attendance" and then click on "Advise of future absence". You are also able to view percentage attendance and can explain through the app any reasons for earlier absences that we believe to be unexplained. The process is explained in more detail through videos on the School Gateway help site: <https://schoolgateway.co.uk/help/>.

On the rare occasion you are unable to access the School Gateway App, please email the correct year group email to report your absence: Our policy remains the same in that we ask you to notify school **by 8:30am** on each day of absence.

## General pastoral or school related inquiries:

In the first instance please email your child's form tutor and they will aim to respond to you within two working days.
